PROFESSIONAL SUMMARY

A driven and recent graduate of the AWS re/Start programme. The programme enabled me to gain the skills required to get into the tech industry and through the use of these skills and skills from past professional experiences, aiming to secure a role in tech as a Cloud Engineer.

CORE SKILLS

Technical skills:

- AWS (EC2, RDS, VPC, Lambda, CloudFront, DynamoDB, S3, IAM, EBS, Amplify)
- Python
- Linux
- HTML
- MySQL
- Ruby

Key Soft skills:

- Teamwork
- Communication
- Problem Solving
- Time Management
- Leadership
- Organisation

EDUCATIONAL HISTORY

AWS re/Start Programme - September - November 2020

- The programme is designed to help people with little to no background in tech and provide them with the knowledge and skills in AWS and the Cloud to be successful in a Cloud/AWS role.
- During my time in the programme, I gained skills in not only AWS and the Cloud but also in I.T fundamentals (Linux, Networking, Security, and Databases).

Bachelor of Arts in History

University Of Greenwich - 2014 - 2018

PROFFESIONAL EXPEREINCE

Museum Assistant - The Fan Museum (February 2019 - August 2020)

- Closely worked with management to significantly increase revenue by 18% and grow the visitor base between 2019 and 2020 by leading projects to improve the museum's use of technology.
- Provided supervision, oversight, and accountability for complex projects such as data migration and records managements.
- Supervised and trained a changing team of volunteers and allocated daily tasks within each individual's capabilities.
- Developed communication pipelines and disseminated time sensitive information from management to crossfunctional teams.
- Gathered data and responses from briefings to prepare reports on behalf of the institution.

Front of House/Casual Assistant - The Fan Museum (May 2015 - January 2019)

- Worked with a team to ensure visitor expectations were met daily.
- Organised events to promote and enhance the museum's services in various areas.
- Communicated effectively with other teams across the institution to resolve issues.
- Ensured safe viewing experience for all visitors by enforcing Museum policies, responding to alarms, and calmly assisting in building evacuations.
